Honeywell

Thermostats and Controllers: Honeywell offers a variety of thermostats and controllers for precise temperature and climate control, including programmable and smart thermostats.

Valves and Actuators: Honeywell's valves and actuators help regulate the flow of fluids and are crucial in HVAC systems for maintaining comfort and energy efficiency.

Dampers: HVAC dampers by Honeywell control airflow within ducts, aiding in zoning and optimizing ventilation.

Major Products:

- 2 Way Valves
- 3 Way Valves
- Actuators
- Thermostats
- Ball Valves, Butterfly Valves and Pressure Reducing Valves

ZOLOTO[®]

PRODUCTS

- Check & Globe Valves
- Ball Valves
- Strainers
- Butterfly Valves
- Pressure Reducing Valves
- Double Regulating balancing Valves
- Fire Hydrant Valves
- Transformer Valves
- Needle Valves
- Gate Valves

APPLICATIONS

1. Plumbing
2. HVAC
3. Fire Fighting
4. Boiler Mountings

AN ISO 9001 CERTIFIED COMPANY

7+ Decades of Experience

Product Range: Ball Valves, Pressure Reducing Valves, Balancing Valves, Sluice Valves, Butterfly Valves, Strainers

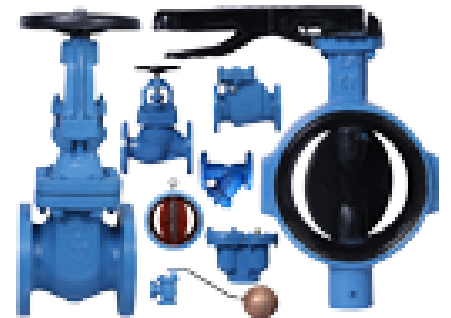

Industries Served: Steel & Mining, Marine & Water, Oil & Gas, Chemical & Fertiliser, Power, LNG & Cryogenic

ISO-9001:2015 company since Jan 1996 certified by LRQA, India

API Spec 6D and API 600 monograms

PED certified by M/s. LRQA India & AD 2000-Merkblatt WO certified by TUV India.

Certified by "FCRI" for functional and structural integrity for Seismic applications

License No. : 6D-0346 For Ball Valve, Check Valve
License No. : 600-0018 For Bolted Bonnet Steel Gate Valve

One of
India's largest integrated piping solutions

Amongst **top 5** processors in India
